## **ATF Detroit Field Division Goes *ON-LINE***

**Detroit** - Mr. Michael W. Morrissey, Division Director for the Bureau of Alcohol, Tobacco and Firearms (ATF) Detroit Field Division, announces the agency's Michigan online web site at [www.atf.treas.gov/field/detroit](http://www.atf.treas.gov/field/detroit). "Our web site is designed to make access to our offices in Michigan easier to the citizens we serve" states Mr. Morrissey. The web site is another link to facilitate direct communication between the public and ATF.

"The site offers a lot of information on who we are and what we do as a federal law enforcement agency," adds Morrissey. The home page depicts a skyline collage of the City of Detroit - denoting us as the "Motor City" - as well as the colorful ATF field office logo.

The menu bar allows one to surf several areas of the site, such as: the office locations with telephone and fax numbers, the division management team, a profile of ATF regulatory and enforcement operations throughout the State, press releases and media advisories, congressional & media relations, as well as telephone hotline numbers (designed as a means for concerned citizens to forward information on criminal activity). In addition, direct links are offered for the visitor's convenience to highlighted areas of the national ATF web site, [www.atf.treas.gov](http://www.atf.treas.gov), such as the various program areas of the agency, employment postings, and the frequently requested *Bomb Threat & Physical Security Planning Guide*.

A link to our e-mail address is also offered for those interested in directing questions or comments to the Detroit Field Division. We look forward to your visit.
